Dear Colleagues and Friends,

We would like to apply for financial sponsorship for the next conference, organized under the auspices of the Nordic Pediatric Ophthalmology Group and the Nordic Strabismological Association: NPOG NSA 2027.

NPOG NSA will take place **27-29 May 2027** at KOSMOPOL in Copenhagen
www.kosmopol.nu

Chief physician Dr. Mette Warburg was behind the Danish initiative that started NPOG about 40 years ago. At a meeting in Vangede, a small but committed group defined the framework for an informal collaboration between Nordic specialists in the field of pediatric ophthalmology. Mette Warburg was a pioneer in pediatric ophthalmology and clinical genetics and she was a central figure in Nordic and international pediatric ophthalmology throughout her career.

Since then, NPOG has held a joint Nordic conference with a focus on pediatric ophthalmology every other year.

In recent years, the conference has also offered a program for ophthalmologists interested in strabismus through the collaboration with NSA.

In recent years, NPOG NSA has been very well attended with around 110-150 participants. Since small, focused conferences often yield the best results, the meetings have ensured that a growing group of Nordic colleagues have built a network with knowledge and experience exchange.

It will be of particular importance for the conference if support is granted.
